LinkedIn: <http://linkedin.com/in/sahaj-juneja-744a01304>

## Professional Summary

Creative and detail-oriented Website Developer and UI/UX Designer with over 2.5 years of experience in building responsive, user-friendly websites and mobile interfaces. Adept at transforming complex ideas into elegant, accessible designs using modern front-end technologies and design tools. Strong foundation in Figma, HTML, CSS, JavaScript, and React, with working knowledge of Power BI for data visualization and business intelligence.

## Work Experience

### Senior Web Developer | 2024 - present

Vidursoft

- Led the architecture and development of scalable web applications using React, JavaScript (ES6+), and REST APIs
- Reviewed and approved code via pull requests, ensuring adherence to clean coding standards and best practices
- Managed and maintained Git repositories, branch strategies, and deployment workflows (CI/CD)
- Mentored junior developers through code reviews, pair programming, and technical guidance
- Collaborated with cross-functional teams including UI/UX designers and QA to deliver high-quality products
- Conducted A/B testing and analytics integration to improve user engagement metrics.

### Junior Web Developer | 2022-2024

Vidursoft

- Developed and maintained front-end features using HTML, CSS, JavaScript, and Bootstrap
- Converted Figma prototypes into responsive, accessible UI components
- Assisted in integrating RESTful APIs and working with JSON data formats
- Participated in daily stand-ups and sprint planning as part of an Agile development team
- Performed basic unit testing and bug fixes under the guidance of senior developers
- Managed tasks via Jira and regularly pushed updates to Git repositories
- Supported testing and debugging efforts across multiple browsers and devices

## Highlighted Projects

### Web Design & Development

- Selective Matchmaker: Developed the full front-end using HTML, CSS, JavaScript, and React.
- Wateen, Motalk, Safin Tech, Tiska: Designed and developed responsive web interfaces for telecom clients.
- MoConnect: Designed and implemented the entire website with a focus on mobile-first performance.
- Jeera Dashboard: Built a dynamic data dashboard using React with reusable components.
- Wahy Website: Contributed to website development using Nuxt.js with SEO and performance enhancements.

Mobile App UI Design (Figma)

- Nubtoll Services, BRIO, MoConnect: Designed wireframes and interactive mobile prototypes with a UX-first approach.
- Selective Matchmaker: Designed the complete mobile app UI using Figma.
- KRSI App: Created user-friendly mobile screens and flows from scratch in Figma.

NET & C# Projects

- Easicall, Wateen, Nubtoll, BRIO, Selective Matchmaker: Built admin portals and APIs using ASP.NET and C# for backend logic and data handling.

Power BI Dashboards

- Sales & Marketing Dashboard: Visualized key metrics across regions with real-time Power BI dashboards.
- Financial Performance Dashboard: Built a reporting solution to track revenue, expenses, and profitability using Power BI.

Academic History

---

Post Graduate Diploma in Management  
2022 -2024

IMT – Ghaziabad, U.P

Bachelor of Commerce (B.Com)  
2019-2022

Delhi University

Skills

---

Core Front-End Development

- HTML5
- CSS3
- JavaScript (ES6+)
- React.js
- Next.js
- Tailwind CSS
- Bootstrap

Databases & Data Handling

- SQL
- MySQL
- MongoDB
- ETL (Extract, Transform, Load)
- Power BI (DAX, Power Query, Custom Visuals)
- Excel

Back-End Technologies

- C# (.NET)
- Node.js
- RESTful API Integration
- API Testing (Postman, Swagger)

Version Control & Deployment

- Git
- GitHub
- Bitbucket

UI/UX & Design Tools

- Figma
- Adobe Photoshop
- Wireframing & Prototyping
